Introduction

The *Privacy Act*, (the *Act*) extends the present laws of Canada that protect the privacy of individuals with respect to personal information about themselves held by a government institution and to provide individuals with a right of access to that information.

The *Act* protects an individual's privacy by preventing others from having unlawful access to personal information as well as permits an individual with specific rights regarding the collection, use and disclosure of this information. The *Act* applies to all personal information that the federal government collects, uses and discloses—be it about individuals or federal employees. The *Act* relates to an individual's right to access and correct personal information the Government of Canada holds about them or the Government's collection, use and disclosure of their personal information in the course of providing services.

The Canada Council is committed to protecting the privacy of individuals with respect to the personal information that is under its control by limiting its interventions into the private lives of Canadians to lawful and necessary purposes, and ensuring privacy protection.

The *Act* requires the head of every federal government institution to submit an annual report to Parliament on the administration of the *Act* following the close of each fiscal year. This annual report is prepared and is being tabled before each House of Parliament in accordance with section 72 of the *Act*. This report summarizes how the Canada Council has fulfilled its privacy responsibilities during the fiscal year 2021-2022.

Mandate of the Canada Council for the Arts

The Canada Council for the Arts is Canada's public arts funder, with a mandate to “foster and promote the study and enjoyment of, and the production of works in, the arts.” The Council's grants, services, initiatives, prizes, and payments support Canadian artists, authors, and arts groups and organizations. This support allows them to pursue artistic expression, create works of art, and promote and disseminate the arts and literature. Through its arts funding, communications, research, and promotion activities, the Council fosters ever-growing engagement of Canadians and international audiences in the arts. The Council's Public Lending Right (PLR) program makes annual payments to creators whose works are held in Canadian public libraries. The Council's Art Bank operates art rental programs and helps further public engagement with contemporary arts through exhibition and outreach activities. The Council is responsible for the Canadian Commission for UNESCO, which promotes the values and programs of UNESCO to contribute to a future of peace, reconciliation, equity, and sustainable development.

The Council is governed by an 11-member Board. Members of the Board and the Director and CEO are appointed by the Governor in Council. The Council works in close collaboration with federal, provincial, territorial and municipal departments and organizations working in the arts and culture.

A federal Crown corporation created through an Act of Parliament in 1957, the Council reports to Parliament through the Minister of Canadian Heritage. It receives funding from Parliament and its annual budget is supplemented by endowment income, donations and bequests.

The Manager of Information Management, under the delegation authority, is responsible for ensuring compliance with the *Act*, Access to Information Regulations and policy instruments, coordinating responses to all privacy and access to information requests and responding to Parliamentary Returns for the Canada Council. The work ranges from processing access to information requests to carrying out consultations with government institutions or third parties, and responding to calls and informal or “re-releases” requests for information, contributing to Info Source, preparing the annual report to Parliament and collecting statistics, and providing ATIP training to Canada Council employees.

This Office provides advice to Canada Council employees as they fulfill their obligations under the *Access to Information Act* and the *Privacy Act*.

Delegation Order

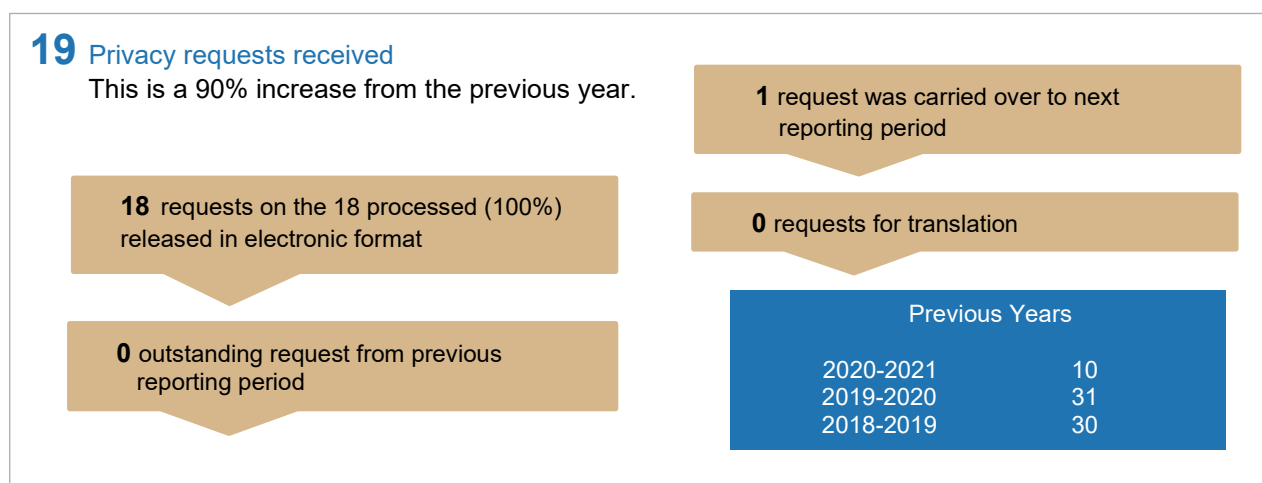

Delegation orders set out what powers, duties and functions for the administration of the *Access to Information Act* have been delegated by the head of the institution, and to whom, pursuant to section 73 of the *Act* and related regulations.

See Appendix B for information on designation and delegation.

Highlights of the Statistical Report, 2021-2022

The statistical report is an accounting of Canada Council activities related to the administration of the *Privacy Act*. It is intended to provide current statistics and express trends on the administration of the legislation.

The Canada Council's 2021-2022 statistical report on the *Privacy Act*, from which the data is derived, is provided in *Appendix A*.

The results of the 2021-2022 reporting period are slightly lower (19 requests) than the previous three-year average of 24 requests. One request was carried forward into 2022-2023.

Like most organizations, universities closed their administrative offices and pivoted to online classes. Most universities were struggling and expressing concern about their ability to submit complete nomination packages to the Killam Research Fellowship's (KRF) June deadline. The challenging circumstances for universities and researchers, along with the prospect of an unbalanced and unrepresentative competition, led Council to make the difficult decision to suspend the deadline of Killam Research Fellowship program. As per the Killam Trustees' request/recommendation, Council's communication to the community included a reference to a revamped KRF program in 2021-2022.

The Canada Council's peer assessment process is the cornerstone of the Canada Council's funding decisions. Individual assessors with specialized expertise support and complement the work of peer assessment committees. (Source: [How We Make Funding Decisions](#)).

Training and Awareness

A new ATIP case management software was acquired during the reporting period, and staff were provided training in anticipation of its official deployment on April 1, 2022.

There was mandatory ATIP Training for all staff in 2021-22 as identified in the Corporate Training Plan. It was provided online through the Canada School of Public Service. Here is what I captured from the course description:

The 1-hour online course provided an overview of process to request information and protect personal information. It explored different scenarios and highlighted the various processes to better understand our respective roles and responsibilities towards protecting personal information. Topics included:

- reviewing current legislation and policies
- processing access to information requests effectively
- protecting personal information

understanding the requirements concerning the collection, use, communication, retention, and disposal of personal information

The ATIP office continues to act as a source of expertise for Canada Council employees, providing advice and guidance on the provisions of the legislation. The Office was consulted regularly on the disclosure and collection of data, and provided advice to ensure transparency and compliance with the legislation. This included advice on information management and security of information.

Policies, Guidelines, Procedures and Initiatives

During this reporting period the ATIP office provided advice for the collection, use and disclosure practices of personal information under the following conditions:

1. Voluntary self-identification;
2. New Funding Model portal and Arts Tracking System (ATS);
3. Procurement contracting confidentiality clauses;
4. Data collection, surveys and de-identification.

A modernization of the Council's Access to Information and Privacy Management Framework was undertaken during the reporting period and is expected to be completed during the next period.

Summary of Key Issues and Actions Taken on Complaints or Audits

No complaint was brought to the attention of the Canada Council in relation to the requirements of the *Privacy Act*. No audit or appeal was brought to the attention of the Canada Council in relation to the processing and outcome of requests or corrections of personal information.

Monitoring Compliance

The Manager of Information Management consults with the delegated authorities and prepares quarterly reports for the Executive Management Committee (EMC) on the status of ATI requests. In addition, the ATI Annual Report is reviewed by the Chief of Staff and Corporate Secretary, approved by the Director and CEO and shared with the Executive Management Committee. ATIP case management software assists in the monitoring, processing and reporting on access to information requests.

The Canada Council did not receive any request for the correction of personal information.

Material Privacy Breaches

Two separate privacy incidents of low severity were reported and investigated, and mitigation measures were immediately taken by the Council. The two individuals affected by these incidents were informed of the circumstances. There were no reported material consequences for the affected individuals.

Privacy Impact Assessments

One Privacy Impact Assessment (PIAs) in relation to the Art Bank Purchase program was undertaken during the reporting period. It is expected to be completed during the next period.

Summaries for PIAs are located on the Canada Council's [Privacy Impact Assessment Summaries](#) web page.

Public Interest Disclosures

In 2021-2022 there were no disclosures of personal information pursuant to section 8(2) or 8(5) of the *Privacy Act* where personal information may be disclosed.

Resources

The Canada Council invested a total value of \$65,324.00 and 0.69 person years into privacy and personal information activities. This amount includes the services provided by one external ATIP consultant, but not the resources expended by various divisions of the Canada Council who assist in meeting the requirements of the *Acts*.

The Council acquired a new ATIP processing application at a total cost of \$75,088.50, to be amortized over the next five years - \$21,956.78 of this amount was paid in fiscal year 2021-2022 for both *Acts*.

These costs do not include resources expended by various divisions of the Canada Council who assist in meeting the requirements of the *Acts*.

Information Holdings

The Personal Information Index (*Info Source: Sources of Federal Government and Employee Information*) provides information about the functions, programs, activities and related information holdings of government institutions subject to the *Access to Information Act* and the *Privacy Act*. It provides individuals and employees of the government (current and former) with relevant information to access personal information about them held by government institutions subject to the *Act* and to exercise their rights under the *Privacy Act*.

To meet its Privacy reporting obligations on the administration of the *Privacy Act*, the Canada Council, in this reporting period, prepared and submitted, according to requirements:

- [Annual reports](#) to Parliament;
- Annual statistical reports;
- Annual review and update of its *Info Source chapter*.

The Canada Council currently reports on 13 active Personal Information Banks (PIBs) in its Info Source
